

### Effective, Safe and Economical Bio-Protection for Cannabis & Indoor Cultivation

The AgriAir PG-3 HO air purifier produces and distributes eco-friendly oxidizer plasma that sanitizes air, surfaces and controls odors at their source, in 3,000-12,000 cubic feet of grow space. The oxidizer plasma provides bio-protection 24/7 without the use of chemicals. The purifier is easy to install with any HVAC or air moving system and is scalable to any size operation.
